Virginland's Pinless Tags

Virginland's Pinless EAS Tag enables retailers to protect their most delicate materials without damaging garments. Since the Pinless Tag securely clamps down on the fabric, there are no tears, holes or misaligned fibers. Retailers now have a tag which can confidentially be applied to leather, lingerie, silk, cashmere, chiffon and so much more.

KEY FEATURES

- Quick to apply and remove
- Works with either RF or AM technology
- Small footprint
- Attractive design does not take the focus off the apparel

SUGGESTED APPLICATIONS

Leather, lingerie, silk, cashmere and chiffon.

| Product Code | Description | Dimension(mm) | Weight(g) |
|--------------|----------------|---------------|-----------|
